From (Name) V. Ramakrishna Esq., M.A., I.C.S.,
(Designation) Commissioner of Labour, Madras.

To The Secretary to the Government of Madras,
Development Department.
Fort St. George.

Sir,

Enclosure I enclose a copy of the letter No.S.1.5680/39 dated 3-11-1939 from the Collector of South Kanara and in the circumstances stated by him I recommend for the approval of the Government his proposal to transfer the Labour school, Puttur to the management of the Depressed Classes Mission, Mangalore. Conditions similar to those which were imposed previously in 1931 when some of the labour schools were transferred to the Local Boards - vide para. 2 of G.O.No. 2999 L., Public Works and Labour Department, dated 1-12-1931 may be imposed in this case also. The site and building of the school may be transferre

to the Mission free of cost and in case of the site free of lan
revenue subject to the condition that they are used for school purposes only and are kept in good repair and that they may be resumed at any time if Government consider it desirable to do so. The furniture, apparatus and other equipment in the school may also be handed over to the Mission subject to similar conditions.

Copy of letter No. S-1-5680/39, dated 3rd November 1939 from the Collector of South Kanara, to the Commissioner of Labour, Madras.

Education - Labour School - Puttur - Management - Transfer to D.C. Mission, Mangalore - Proposals - Sent.

The Depressed Classes Mission, Mangalore, desires to take over the Labour School at Puttur in Udipi Taluk under its management. It is now running a separate school with I, II and III Standards - Ishwarananda Vidyalaya, very close to the Labour School for t benefit of the children of the Koraga Community and it wants to amalgamate the 2 schools. With this object in view, it proposed in 1938 the transfer of management of the Labour School to its name. The District Educational Offier, South Kanara, considered it not desirable that 2 schools intended for the Scheduled Classes should be continued in the same locality and recommended their amalgamation on the grounds that the accommodation in the Labour School is insufficient, whereas there is more accommodation in the Depr Mission Schoo and that the maintenance of one combined school under an Aided agenc is economical. But the proposal fell through as the Mission was no able ~~above~~ to give an undertaking to maintain 4 standards in the school after amalgamation and open the V standard in due course.

2. The Depressed Classes Mission has now revi~~s~~ved the proposal. It agrees to maintain the school after amalgamation as a V standard school and later on raise it into a Higher Elementary Scho if there be scope. There are 2 teachers in the school. The Head-Mistress is a Higher Elementary Trained Teacher on a pay of Rs. 41/- and the 2nd teacher is a Lower Elementary Trained Teacher, on a pay of Rs. 30/-. The Mission is willing to take the Head-Mistress into its service but not the assistant teacher, as he is only a Lower Elementary Trained teacher. As the Head-Mistress is not willing to enter the Depressed Classes Mission Service, both the teachers have to be provided for in other Labour Schools.

3. As the terms of transfer of Management of the school to the Depressed Classes Mission are agreeable, I propose that

the Labour School, Puttur, may be handed over to the Depressed Classes Mission. The transfer may be effected from January next. The Mission says that its finances do not permit any investment on buildings and furniture and therefore the building with its existing furniture and other equipment have to be handed over to the Mission free of cost.

4. The approx

School is noted below:

	Rs.	As.	Ps.
The original cost of the building.	400	0	0
Subsequent improvements	265	0	0
Average cost of Monsoon repairs per year	15	4	6
Net value of school equipments	281	3	6
Value of periodicals, i.e. library books.	9	6	6
Approximate cost of teaching staff per year	876	0	0
School contingencies.	6	0	0

ASSISTANT SECRETARY TO GOVT.
19 NOV 1939
CHIEF SECTT.

To
The Chief Secretary
to the Government of Madras,
Ft., St., George, Madras.

Humble petition of the Adi-dravida residents of the Puttur and the neighbouring villages of Udipi Taluk, South Kanara District.

Dated 16th. November 1939.

In the matter of the Puttur Labour School in Udipi Taluk - handing over of its management to the Depressed Classes Mission, Mangalore, S.K.

Honoured Sir,

We the several signatories to this petition beg to lay before you the following facts for your kind and sympathetic consideration and favourable orders.

Chief Secty
Dev. [illegible]
ADS
20/11

It is learnt that the Depressed Classes Mission is trying its level best since long to take over the management of the Puttur Labour School, in Udipi Taluk with a view of amalgamating the said Labour school with that of the Mission Boarding schools for Koragas known as the " Ishwarananda Vidyalaya" situated within a distance of about one furlong from the said Labour school and it is also learnt that the Labour Department is likely to concede the request of the D.C. Mission.

2. Some years back the said Mission agitated for taking over the management of the said Labour school and at that time we strongly protested against the proposal and consequently the idea was given up and the Labour school continues till now under the management of the Labour Department. Now that the Mission has again come forwarded with its old proposal and therefore we beg to protest against the same on the following among other grounds:-

3. The said Labour school was started in the year 1925

with its object of imparting instruction to the children of the schedules classes including Koraga children of the locality. There has been no restriction in admitting the Koraga children into the said Labour school from the beginning and practically several Koraga children have received instruction in this institution, and even now some children of the community are attending this Labour school.

4. Notwithstanding this fact the said Mission started a Boarding school - exclusively for Koraga children near the said Labour school. We understand that the intention of the D.C.Mission in starting this new boarding school exclusively for Koraga children of the Udipi Taluk was, since they are not so forward as to send their children to other schools. It is for this reason, we believe, that the said Koraga school has been recognised by the Educational Department without consideration of the short distance of one furlong between the two schools in question.

5. The condition of the Koraga school is gradually becoming unsatisfactory, so much so for the year 1938-39 the school could not get teaching grants as usual from the Educational Department for want of the required average attendance even for a single teacher.

6. Now, the said Mission is thinking of changing its former objective and is trying to take over the management of the Puttur Labour school just to secure the required average attendance of pupils in the school under its management.

7. In this connection on behalf of the Koraga children of Udipi Taluk we beg to suggest that this deficiency in attendance of pupils in the Koraga school can be made up not by taking over the management of the Labour school, but by drawing up to the school through adequate propaganda work, the Koraga children from the so far ~~[illegible]~~ uncared for villages which are within a distance

of 2 or 3 miles from the school - viz: Badagabettu, Kappettu, Kadbettu, Alevoor and Nejar where Koragas are living in large numbers.

8. In case an adequate propaganda work be carried on as stated above most of the unfortunate Koraga children of the above said villages, will not only have the educational facilities but also the good fortune of being freely fed in the boarding house of the Mission meant for them.

9. On the other hand if the Labour school in question be amalgamated with the said Koraga boarding school, the interest of the Koraga children will be at stake and the noble Mission which was actuated to start this Koraga school will be ignored on account of the fact that thereafter the required strength and attendance of pupils in school will be kept up by the scheduled caste children of forward communities of the neighbouring villages and the concerned teachers will not bother themselves much about the Koraga children.

10. Notwithstanding the above facts, in case the management of the Labour school in question be handed over to the Mission we are afraid, the Mission will not be able to run the school efficiently for a long time for the following reasons:-

a) The Mission, financially not being so strong as the Labour Department will not be able to adopt the same scale of pay of the teachers as that of the Labour Department.

b) Consequently ill-paid teachers will never evince sufficient interest for the school work and so the efficiency of the school will suffer.

c) The Mission will not be able to provide all the children with required books, slates etc., like the Labour Department.

d) The Mission from its Headquarters at Mangalore cannot so vigilantly supervise the working of the school which is at Udipi about 40 miles away as the Labour Department is doing through its Special Inspectors.

11. Consequently, for want of the above said advantages in the school of the Mission, the condition of the school may gradually dwindle and may culminate in the closure of the school for good in which case all the scheduled caste children, including Koraga children, of the neighbouring villages will have to suffer without education for want of school meant for them. 3

12. In support of the above argument we humbly beg to quote the following instances :-

Some years back the D.C.Mission started two schools in Udipi Taluk i.e. one at Thonse and one at Brahmavar. The schools continued for some time and then they were closed for ever evidently for their unsatisfactory conditions.

In the very same villages the Labour Department opened two schools after a few years and each of them is served by two teachers and is working efficiently ever since.

13. Therefore, the petitioners are afraid that if the two schools question be amalgamated into one under the management of the D.C.M. the amalgamated school will suffer much and the very object of primary education will be defeated.

14. In these circumstances we most respectfully pray that both the schools may be kindly permitted to continue as at present under their respective managements, and that notwithstanding the above said facts if one of the schools should discontinue we humbly beg to suggest that the D.C.Mission may

kindly be asked to close its school retaining the Boarding house and to send its children to the Puttur Labour school in question

15. In conclusion, we, the petitioners most respectfully pray that our aforesaid grievances and facts may be most closely and cordially be considered by the benign Government and that the Puttur Labour school may graciously be permitted to continue under its present management.

For this act of kindness and sympathy we will, as in duty bound, ever feel grateful to the benevolent Government.

We beg to remain,

Education - Labour School, Puttur - Management - Transfer to Depressed Classes Mission.

The information called for in Government memorandum No.34314-IV-39-1, Development Department, dated 19th Decr. 1939 is given below:-

(1) The strength in the several classes in the Labour School according to the December return is noted below.

Standard	Boys	Girls	Total
I	8	4	12
II	4	5	9
III	5	3	8
IV	7	5	12
V	5	2	7.
	29	19	48

(2) There is only 1 teacher of the Secondary Grade on Rs.30/- employed in the Depressed Classes Mission School.

(3) The number of pupils in each standard in the Depressed Classes Mission School is noted below:

Standard	Boys	Girls.	
I	11	3	14
II	5	1	6
III	5	0	5.
	21	4	25

(4) After the amalgamation, the Mission proposes to employ 5 teachers. As there is already 1 teacher of the Secondary Grade employed by it, it will employ 4 more teachers of appropirate grades. The Mission is not, definite on this point.

The objection petition against the amalgamation of the 2 schools received with your endorsement N.Ref.A-3-6569/39 dated 22nd Novr. 1939 is enclosed. My enquiry shows that the signatories were aware of the contents of the petition before signing it. The agitation may have been started by members of the present staff of the Labour School who are not willing to take up service under the Mission on a lower scale of pay. Ousted teachers will however be provided for in other labour schools by getting rid of the 2 juniormost acting teachers.

Labour Dept. — [illegible]

South Kanara — Puttur Labou
School — Management — Transf
to the Depressed Classes Missio
Mangalore.

Ref. Letter from the C. of L.
A3. No. 6569/39 d/ 7-2-1940.

The Govt. consider that, instead of transferring the Labour School, Puttur to the management of the Depressed Classes Mission, Mangalore, it will be better for the Mission to hand over their School to the Labour Dept., provided, ~~[illegible]~~, there is no insuperable obstacle to Koragas mixing in the ordinary labour School. In the Combined School there will be only about 75 pupi and it will be possible for the Labour Dept. to run it with 3 masters or mistresses. If the Mission School buildings are more suitable for a School of 75 pupils than the Labour School buildings, the former may be taken over by the Labour Dept. free or in exchange for the latter. If, however, the Mission is not agreeable to the above proposals, they may take over the Labour School and get the ordinary grant-in-aid from the Education Dept. No further Concessions can be shown by the Lab. Dept. The C.gt. is requested to ascertain and report which of the two alternatives the Mission prefer

Education - South Kanara - Puthur Labour School - Management - Transfer to the Depressed Classes Mission, Mangalore.

No. A.3.6569/39.

Madras, dated 22nd August 1940.

From

V. Ramakrishna Esq.,M.A.,I.C.S.,
Commissioner of Labour,

To

The Secretary to Government,
Development Department,

Sir,

Reference:- Government Memorandum No. 34314-IV/39-3, Development, dated 11-5-1940.

The Secretary of the Depressed Classes Mission, Mangalore is not willing to hand over the Mission School to the Labour Department. He states that the Mission School is a part of the Koraga welfare work consisting of the Boarding Home, Colony,

/

Maternity aid,etc., and he is not, therefore, in a position to hand over the Mission School to the Labour Department. It is represented that if the school is handed over to the Labour Department, the Mission will have to continue to maintain the Boarding Home. At present, the Mission School teacher is also the warden of the Boarding Home and he is paid a small remuneration. This Mission likes to have this teacher-warden under their entire control, as dual authority will lead to friction and it will be difficult for the Mission to employ a separate warden for the Boarding Home in case the Mission School is handed over to the Labour Department. The Secretary, therefore, prays that the Puthur School may be treated by the Labour Department in the same way as Attawar and Derebail Schools for which one-fourth of the gross expenditure is met by the Mission and deducting the Education Department grant, the balance is contributed by the Labour Department. The original proposal for the grant towards the maintenance of these two schools was approved by the Government in G.O.No. 3630 L.,MS., Ⓔ P.W. & L., Department, dated 14-12-1929 and in G.O.No.Ms.1247 L., Ⓔ P.W. & L., Department, dated 15-4-1930, the Government sanctioned the payment annually to the Mission of a grant of Rs 440/- towards the cost of the maintenance of these schools.

2. The Secretary estimates that the expenditure on the schools now proposed for amalgamation may be about Rs 800/- and that the grant ~~the grant~~ he may get from the Education Department may be about Rs 500/-. The Collector of South Kanara has already reported the present cost of maintaining the school in his letter Ref. S.1.5680/39, dated 3-11-1939, a copy of which was sent to Government in this office letter No.A.-3-6569/39, dated 15-11-1939. Even if the gross expenditure for the amalgamated school is something more than that estimated by the Secretary, the contribution which the Labour Department will have to make on the basis stated above may not be much when compared with the amount now spent for the upkeep of the school. The Collector of South Kanara, in recommending

the request of the Secretary of the Mission, states that he see no strong grounds for not extending the same treatment here as in Derebail and Attawar Schools as the expenditure to Government will be less than that now incurred dn the Labour School. He suggests that the present teachers in the Labour School can be provided elsewhere by ousting the junior-most teachers in service, if they are not willing to enter the Depressed Classes Mission service. I support the Collector's recommendation and request that the Government may be pleased to issue necessary orders in the matter. Copies of letters dated 17-7-1940 of the Secretary, Depressed Classes Mission, Mangalore and S.1.No.5680/40 dated 25-7-1940 of the Collector of South Kanara, are enclosed.

(2) Your Endt. No.L.3-6569/39 dated 17-5-1940.

I enclose a copy of letter dated 17-7-1940 of the Hony. Secretary, Depressed Classes Mission, Mangalore. He is not willing to hand over the Depressed Classes Mission School to the Labour Department, but instead he requests that the Labour School itself may be made over to the Mission for management. He also prays that the amalgamated school may be treated in the same way as Attavar and Derebail Schools for which the Government were pleased to sanction a standing grant of Rs 440/- per mensem in Government Order No. Misc. 1247, dated 15-4-1930, communicated with your D.Dis. 1978/34, dated 19-6-1934. I see no strong grounds for not extending the same treatment here as in Derebail and Attavar Schools. The expenditure to Government even then will be less than that now incurred on the Labour School. The present teachers in the Labour School can be provided for elsewhere ousting the juniormost teachers in service.

ENCLOSURE.

Copy of letter dated 17th July 1940 of the Honorary Secretary Depressed Classes, Mission, Mangalore, to the Collector of South Kanara.

Ref:- Your S.1.5680/40, dated 25-5-1940.

Since our Iswarandas Vidyalaya at Puthur is a part of the Koraga Welfare work, consisting of the Boarding Home, Colony, maternity aid etc., we are not in a position to hand over the school to the Labour Department. All these years we have been feeling that there is scope only for one school in the locality. That was why we were anxious to get our request for amalgamation accepted by the Labour Department. If the School is handed over to us we shall be conducting a complete Lower Elementary School with provision to teach agriculture, weaving and other industrial subjects. There is land at our disposal near the school. Our School building can be used as the Boarding Home and the classes can be conducted in the Labour School building. We have now 30 pupils in the Gray Boarding Home. If this scheme is accepted by the Department substantial saving can be effected and provide better scope for the Mission to develop its activities.

We pray that the Puthur school may be treated by the Labour Department in the same way as Attavar and Derebail schools to conduct which the Department is pleased to contribute a portion of the expenditure on the following basis.

1/4 of the Gross expenditure to be met by the Mission, deduct the Educational Grant and the balance to be contributed by the Labour Department.

The gross expenditure of the amalgamated school may come to about Rs 800/-, per annum. We expect a grant of Rs 500/- from the Educational Department. So the amount which the Labour Department has to contribute is considerably insignificant when compared to the amount it is now spending for the upkeep of the school.

As this is a special work for the Aboriginals we believe the Department will be pleased to give ~~th~~ us the necessary encouragement.

We shall take charge of the school as soon as the Government decide to hand it over to us. If the teachers are prepared to work under the Mission, we shall take them to our staff, on the same scale of salary which we offer to our teachers.

The strength of the classes when amalgamated will be as follows

	I.	II.	III.	IV.	V.	Total.
Labour School	7	8	4	13	11	43
D.C.M.Scool	7	6	8	-	-	21
Total.	14	14	12	13	11	64

The school will thus have economic strength for 3 teachers. More pupils can be admitted in the 1st standard.

We request you to recommend to the Government the scheme of amalgamation and enable us to put it into effect as early as possible.

Petition from the Adi-Dravidas of Puttur and neighbouring villages of Udipi taluk, South Kanara district.

To U.S.

Please see the papers in the c.f.

2. There is a Labour school at Puttur in the S. Kanara Dt. The Depressed Classes Mission, Mangalore, is running a separate school with standards I, II and III very close to the Labour school for the benefit of the Koraga community, and it wants to amalgamate the two schools by taking over the Labour school. It has also agreed to maintain the school after amalgamation as a V standard school and later on, raise it into a Higher Elementary School, if there be scope. The Collector of South Kanara proposes that the Labou school be transferred to the Mission from the 1st January 1940, with the existing building, furniture and other equipment free of cost. The D.E.O. approves the proposal. The Commissioner of Labour recommends the proposal of the Collector subject to the conditions specified by him.

3. The Adi-Dravida residents of Puttur and neighbouring villages of Udipi taluk have sent a petition requesting that the management of the Labour school should not be handed over to the Mangalore Mission. The main objections are that the Mission cannot provide all the children with required books, slates, etc., like the Labour Department and that the Mission having its headquarters at Mangalore cannot supervise the school at Puttur which is 40 miles from

Mangalore. In course of time the Mission may have close the school in which case the children will suffer for want of a school.. In support of their objection they cite the example that the Mission started two schools at Thonse and Brahmavar which had to be closed very soon and that the schools ope by the Labour department in the same places are wor ing satisfactorily.

4. Submitted that the District Educational Officer, South Kanara, the District Collector and the Commissioner of Labour support the proposal for the amalgamation of the labour school with the institution run by the Depressed Classes Mission, Mangalore. The main objection brought forward by the petitioners is that the Mission will not run the school, as efficiently as the Labour Department and may possibly close down the school in course of time.

5. The question for consideration is whether the Depressed Classes Mission can be relied upon to run the Labour school as efficiently as the Labour deptt. As regards the position of the Mission, it appears that it has close connection with the Servants of India Society. The Mission ~~MK~~ is running a boarding home and the Govt. have already paid a building grant o Rs. 2,275 and the payment of a further sum of Rs. 1,670 is under consideration. The Govt. is also paying a boarding grant of Rs. 5,200 annually and a maintenance grant of Rs. 1,44 annually to the Mission

According to L.C's proposals we are to make a grant to them equivalent to the average annual cost of the Labour School. If the amalgamation results in more economic use of teachers services we shall have to consider whether they should get such full grant.

There is already one teacher of the secondary grade working in the Mission School. They have not ye decided on the grade of the other teachers to be employed.

A-3 has observed that if the amalgamation results in more economic use of teachers' services we shall have to consider whether they should get such full grant. At present the Mission employ~~e~~s a secondary grade teacher and there are 25 pupils in the school. They may therefore be getting a teaching grant of Rs.265 per annum as against a salary of Rs.360 paid to the teacher. The net cost to the Mission is therefore Rs.95. If after amalgamation 5 teachers are employed, teaching grant will be payable only in respect of 4 teachers as the total strength for purposes of teaching grant will be only 82 If out of 4 teachers two are secondary grade trained and two are Higher Elementary trained teachers, the Mission may get a teaching grant of Rs. ① 792 and the cost on account of the pay of the 5 teachers will be Rs. ② 1440 (assuming that they all will be paid at the District Board rates). a portion of the cost. In the case of the Attawar and Derebail Schools, the arrangement agreed to by Govt. is as follows. The Mission is to bear 1/4 of the total cost of maintenance. Of the remaining 3/4 ths. of the cost, the Education Dept. ~~gives~~ meets a portion by ~~grant~~ way of teaching grants under the Madras Education Rules and the Labour Dept. contributes Rs *440 (This is [illegible] 3/4 of the estimated cost minus the grant payable by the Education Dept.) The Mission requests that a similar arrangement may be sanctioned in the present case also.

The total estimated cost of the proposed amalgamated school is Rs 800 and the grant payable by the Education Dept. is estimated at Rs 500. If the request of the Mission is accepted, the Labour Dept. will have to pay a grant of about Rs 100 per annum. The present cost to Govt. in the maintenance of the two schools is about Rs 1160 per annum. The Collector and the C. of L. support the request of the Mission. that this case may be treated in the same way as the two other labour schools referred to at 'A' on p. 14 ante and that three-fourths of the gross expenditure less the grants which will be paid by the Edn. dept. may be given as a grant by the Labour Dept. One-fourth of the gross expenditure will be met from the mission funds. 3. On the basis mentioned above, the Govt. will have to pay a recurring grant of Rs. 100 per annum. It may be noted that the site and building of the school are ~~must~~ proposed to be transferred to the mission free of cost, and in case of the site to be free of land revenue, subject to the conditions stated

C. No 710 A/41. From the A.G. Madras. No T.3.Mis.III - 816 - Dt 21-2-41.

To U.S.

The letter from the A.G. at p1 c & the remarks of the C of L on it at p5 c may be perused. This Dept may accept the Commr's recommendation that the annual grant to the D.C. Mission may be paid at the beginning of every financial year subject to the condition proposed by him. A draft G.O. is submitted for approval. ~~After issue, the papers will be stitched with G.O. No 225. Dev. Dt 23-9-40 at flag (A).~~ The Finance Dept. may see the reply to the Acctt. Genl before issue.

S.A.
2.5.41. 9.5.41

Why were no conditions impose in the ~~[illegible]~~ first instance? The Grant order does not even prescribe that the school be run ~~[illegible]~~ mainly for the eligible communities, in which case alone the Govt be justified in paying the grant. Is there any precedent for putting in conditions for the grant at such an unusually late stage?

To U.S.

With reference to U.S's queries on flank, it is submitted that there is no precedent where similar conditions were laid down at a later stage.

2 The D-C. Mission's main activity is the elevation of the eligible communities educationally. In G.O. No 2253 Rev. dt 23-9-40 - (A) the transfer of the Puttur Labour School to the management of the Mission was ordered in order to enable the Mission to amalgamate the Labour school with the school run by it for the children of the Koraga Community who belong to the "Eligible Communities". 'A' on p 3 of (A) Conditions (1) and (3) on p 5 cy will not be a hardship as the Mission has agreed to maintain the school after amalgamation as a V Standard school - 'B' on p 3 of (A) and as the school is run for the children of the Koraga Community. Condition (2) on p 5 cy is of a general character and may be imposed in view of the grants to the Mission by the Edn & Labour Depts. ~~(will be beneficial to the school)~~

3 Though no conditions were considered necessary ~~(imposed)~~ when he transfer of the school was ordered, ~~there~~ the Collector ~~(does not seem any objection to lay them down)~~ as proposed the conditions now with reference to para 2 the A.G's letter on p 1 cy. There does not seem to be ny objection to prescribe them now. For orders.
